Good, solid quality workmanship has characterised Rational's windows and doors since the first products were shipped from our factory in Sdr. Felding in 1954. On that basis, Rational has created a sound foundation, and is today an international company with sales activities in Denmark, Great Britain and Ireland.

Rational manufactures energy saving and contributing windows and doors of premium quality in terms of comfort and security. We develop our windows and doors continuously, ensuring that they will always meet current statutory requirements as well as market requirements for design and functionality.

For further information about our wide range of windows and doors, for classic and modern buildings, please visit www.rational.co.uk or contact a Rational distributor.

Rational is part of the DOVISTA Group which consists of nine leading door and window companies in Europe. DOVISTA A/S is owned by VKR Holding and employs approx. 15,000 people in more than 40 countries.

Door type and configuration

All doors are available as inward or outward opening. The door leaf is build on a timber frame with plywood, an aluminium stabilizer on both sides and an insulated core. The door is fitted with a three point locking espagnolette bolt, 3-4 adjustable grey hinges and has a low height composite threshold. Standard size is 988x2078mm, which provides a 803mm free opening.

Colours

Colour is one of the easiest and most effective ways to make a door unique and give it the character you require. Rationel offers a standard range of colours as shown below. For an additional cost you can choose from a rang of non-standard RAL colours.

The colours shown are an indication of our finishes but are not accurate colour reproductions. Please check with an authorized RAL colour chart.

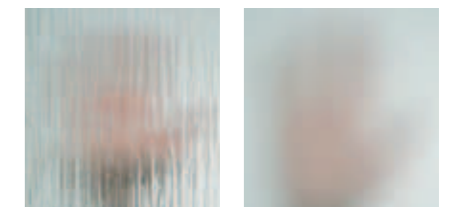

*Translucent timber colour

T220 is the standard stock colour. Doors in RAL colours are available on request.

Glazing

Glazed doors are supplied with Cotswold glass as standard. Clear Energy and Satin are alternative options.

Certifications

Like many others, the window industry also has certifications, labels and warranties intended to protect consumers and the environment. Some are compulsory, others have been developed by the window industry in order to make it even easier and safer for customers to decide what products to choose. Below is an overview of the certifications that Rationel's products comply with.
